Assumptions Used in Arriving at Fiscal Estimate

Annually the department updates administrative code language to correct inconsistencies, update outdated language and provide clarification where appropriate. The department anticipates no fiscal impact. This year, the department is proposing changes that would:

- Clarify that the definitions of "animal part or animal byproduct" and "carcass" are general definitions not limited to deer baiting regulations.
- Relax deer registration requirements in the CWD management zone.
- Eliminate the April 10 elk permit application deadline in order to allow more time for people to submit applications.
- Allow the use of no. 8 gauge shotguns for waterfowl hunting when the gun is modified for no. 10 gauge cartridges.
- Repeal a trap tagging requirement that is unnecessary because there is a specific statutory requirement.
- Correct the location information of Vernon Marsh Wildlife Management area in Waukesha County.
- Clarify that volunteer wildlife rehabilitators are subject to the same restrictions as basic license holders.
- Clarify that the prohibition on the placement of personal property on department lands also applies to items left out to mark or "reserve" trap locations if the season is not open.
